Shaffer Will Fly September 21st.

Capt. Shaffer, of the aviation corps of the Nebraska National Guard, who by no fault of his failed to make flights during the county fair, has proposed to the fair committee that he come here September 21st and make flights free of charge to the committee and to the spectators, and this proposition has been accepted by the committee.

Neither the fair committee nor Captain Shaffer can be blamed for the failure, and consequent disappointment, last week. Before leaving town last Friday, Captain Shaffer issued the following statement:

"Due to broken motor at the last date of flight on Aug. 26th necessitated the procuring of an entire new power plant for my machine. Owing to the very limited time it was impossible to get the entire plant assembled. I used every effort in my power to cover our lamentable and unavoidable unfortunate condition, but without success. This reflects badly on the committee of the Lincoln county fair as well as on myself. For this reason I propose to give without cost, absolutely free to the general public a successful flight on September 21. All are invited to attend this flight as our interests are yours.

Very truly yours,
CAPT. C. W. SHAFFER.

Now is the Time to Buy a Home of Your Own.

There never has been a time in the last ten years when property could be bought as cheaply and on such easy terms as it can now. There never was a time when all indications pointed to quick increase in value as now, and consequently there never was such an opportune time to buy. I have a large list of city property, both improved and vacant lots. A great many of them can be bought on monthly payments, and all of them on easy terms. Let me show you what I have.
